OVERVIEW ..... 50 - 51

*www.svenhof.be*

A wide-angle photograph of a wooden fence in a green field. The fence is made of weathered wooden posts and rails, running from the foreground into the distance. The field is lush green, with some white flowers in the foreground. In the background, there are several young trees with thin trunks and sparse foliage, and a dense line of trees under a blue sky with light clouds.
